

MENNIGOCOCCAL VACCINE CONSENT

PATIENT AUTHORIZATION AND NOTICE

 Patient Name

 Date of Birth

ADULT IMMUNIZATIONS – Screening Questionnaire (PLEASE READ)

The following questions will help us determine which vaccines you may be given today. If you answer “YES” to any question, it does not necessarily mean you should not be vaccinated, it just means additional questions must be asked. **If a question is not clear, please ask your healthcare provider to explain it.**

MENNIGOCOCCAL VACCINE QUESTIONS:

- Are you sick today? YES NO
- Do you have allergies to medications, foods, or vaccines?
Including gelatin or the antibiotic neomycin or any other component of the shingles vaccine. YES NO
- Have you ever had a serious reaction after receiving a vaccination? YES NO
- Do you have a long-term health problem with heart disease, asthma, kidney disease, metabolic disease (e.g., diabetes), anemia, or other blood disorders? YES NO
- Do you have cancer, leukemia, AIDS, or any other immune system problems? YES NO
- Do you take cortisone, prednisone, other steroids, or anticancer drugs or have you had radiation treatments? YES NO
- Have you had a seizure or other nervous system problem? YES NO
- During the past year have you received a transfusion of blood or blood products? YES NO
- For women: Are you pregnant or is there a chance you could become pregnant? YES NO
- Have you received any vaccinations in the past 4 weeks? YES NO

I certify that I have been given the MENNIGOCOCCAL CDC Vaccine Information Statement before my injection. I have reviewed the information sheet; understand the possible side effects and I feel I have no contraindications to the administration of the vaccine.
